

Terms of Warranty for guttagliss easy-click plus twin wall panels

The warranty period commences with the delivery of the **guttagliss easy-click plus twin wall panels** and lapses in 10 years. It is not extended by the replacement delivery as warranty performance.

The warranty ensures the following values:

- The light and colourfastness of the **guttagliss easy-click plus twin wall panels made of polycarbonate** are measured at the grade of transmission according to DIN 5036, and will not decrease by more than 8 %.
- The thickness of the **easy-click plus twin wall panels** for applications with a roof decline of at least 3° (=5.3 %).
- The elasticity module (measured according to DIN 53457 in the tensile test at 23°C) e-module > 2100 N/qmm.
- The endurance against weather-caused mechanical damages, hail stones: damages due to hail in the sense of this guarantee exist, after a simulation of 10 attempts at firing hail stones, the panel surface shows at least 5 holes. Polyamide balls with a diameter of 20 mm (weight 4.5g) are shot at a velocity of 20 m/s at room temperature at the weathered surface.

Requirements:

- Only the side protected from UV rays is exposed to weather.
- Use of the components in Europe
- Transport, Storage, Cleansing, Adaptation and Assembly according to current techniques and the current technical documents such as laying and maintenance instructions.
- The use is not subject to lasting chemical influence and the accumulation of heat is to be constructively avoided.
- Assembly is to be conducted using original guttagliss easy-click plus tools and accessories.
- Complaints are to be submitted to us via the dealer from whom the plates have been purchased, alongside with the original sales receipt.

Miscellaneous Stipulations:

- all measurements are to be conducted on cleaned, scratch free panels. Damages to scratched panels are not covered by this warranty.
- product dependent tolerances for transparency, colour and dimensions are those usual in the field and are not part of this warranty or warranty performance.
- After a justified damage claim has been made within the warranty period, a supplementary delivery, free-of-charge, will be made within the first 5 years, after which the deliveries will be digressive.

Deviations in colour and size etc., within the usual boundaries remains reserved. Adhere to the local construction stipulations. Our recommendations do not release the purchaser from the duty to examine the product at his own risk. In case of doubt, specialist help is to be sought.

This warranty does not affect the user's statutory rights viz-à-viz the vendor on grounds of material defects.

Subject to technical modifications.
